PASSO

A BOLD NEW RESIDENTIAL ICON

ON THE PALM

*Inspired by **nature**, crafted by the **sea**, PASSO is a masterpiece developed by BEYOND on Palm Jumeirah.*

PASSO's architecture is a reflection of nature's everlasting metamorphosis, it's a bold expression of fluid architecture, holistic design, and elevated living. From its dynamic facades to its lush, sensory landscapes, every detail is crafted to evoke a sense of rhythm, balance, and calm.

THE

Address

One of the last prime locations in palm Jumeirah crescent, surrounded by the sea from both sides and offering a 250m beach front. The location connects physically and visually to multiple city landmarks, at equal distance to DXB and DWT.

THE

Landmark

An iconic contemporary architecture inspired by the surrounding sea that promotes beachfront living through the facades dynamic flow and terraced edges that offer 360 degrees viewing opportunities blending into a lush, landscaped podium that offers a variety of features cascading toward a 40m wide white sand beach.

THE

Experience

PASSO offers the residents a unique resort and leisure experience within a residential project by catering for a myriad of amenities that cover leisure, wellness, wellbeing, entertainment, work and social interactions. The numerous amenities are carefully distributed across the levels creating various attractions that benefit from the surrounding views, whether it's a sunrise walk on the beach, an afternoon yoga session in the Wellness pavilion or a sunset gathering on the social deck or a dip into a sky pool with a breathtaking view, the residents can tailor multiple, preference-based experiences.

An Address that Needs No Introduction

PASSO by Beyond is set on the Crescent of Palm Jumeirah, the most prestigious and recognisable address in Dubai.

Surrounded by the Arabian Gulf on West Side and the Dubai skyline on the other, this location offers uninterrupted sea views, exceptional privacy, and a sense of calm that is unmatched within the city and stunning expensive skyline views of the Burj Al Arab, Jumeirah Beach Hotel, the Dubai Marina Skyline, The Royal Atlantis, Atlantis the Palm, and the Burj Khalifa.

CLOSE TO EVERYTHING. FAR FROM ORDINARY.

ATLANTIS THE ROYAL - **4 minutes**
NAKHEEL MALL - **12 minutes**

The architecture of PASSO draws direct inspiration from nature, from layered stone formations and sculpted cliffs to coastal curves shaped by wind and water.

This influence is reflected in the building's flowing lines, fractured silhouette, and textured facade, bringing depth, movement, and contrast to the Palm Crescent.
Rather than mimicking its setting, PASSO reinterprets it, transforming natural inspiration into a contemporary landmark that is both visually striking and grounded in place.
